

# Federal Anti-Kickback & Stark Compliance Solution TEAM

Federal Anti-Kickback and Stark compliance requirements are resource-intensive and high-risk matters. Legility's Federal Anti-Kickback and Stark Compliance Solution gives healthcare entities and operations teams proven resources for Potential Referral Source ("PRS") contract review and negotiations.

## How it Works

We can resolve and approve all of your PRS contracts without requiring escalation. We negotiate directly with facility operators and hospital leaders. We act as the legal department's approval/authority arm for contracts identified as having PRS. You maintain full oversight of the workload and deliverables, while our client success team oversees engagement logistics.

## Areas of Support Include

- Contract Drafting, Redline & Review
- Contract Negotiation & Playbooks
- Contract Management & Abstraction
- Customized Metrics & Reporting

## Our Value to You

- Productivity improvement in contract lifecycle efforts (turnaround time)
- Meaningful cost savings on outside legal spend
- Reduction of 60-90% of in-house counsel's contracts workload related to Anti-Kickback and Stark compliance
- Flexibility when your need fluctuate
- Centralized and consistent handling of routine, high-volume, high-risk contract work
- Assurance that contract backload is resolved, and Anti-Kickback and Stark compliance is maintained
- Transparent expense management

Our Flexible Lawyer Platform can be mobilized quickly and drive savings of 50-70%, as compared to traditional law firms. You can engage our experienced remote healthcare contracts team or a single specialized healthcare lawyer, depending upon your need.

Let's change the business of legal together.
