

Spotlight™

Quantify. Justify. Simplify.

For legal teams looking to do more with less, Legility Spotlight delivers a purpose-built eDiscovery project management platform that sheds light on the entire eDiscovery process.

Spotlight provides a simple yet powerful way to see exactly what's going on with all the matters you manage - where your data is, how much each project will cost, and how long it will take. Spotlight enables teams to pull the levers they need to get the work done on time, under-budget, and right the very first time.

Overview

Legility Spotlight is a business data analytics dashboard that provides full visibility into all of your key metrics, including data spend, ROI and reviewer statistics. Users have immediate access to any structured data set, such as e-billing, data volume or matter detail.

Spotlight provides fully customizable and intuitive dashboards to assist in managing department functions, giving you valuable information to improve the decision making process.
